

RAJESH KUMAR PATRO

EXPERIENCE

Fresher

I developed several personal and academic web projects, including responsive websites and interactive web apps using HTML and CSS. Built a portfolio showcasing clean UI/UX design and functional features, simulating real-world client needs. Collaborated with peers on GitHub, followed version control best practices, and applied agile principles to manage project timelines and deliverables. Continuously exploring new tools and frameworks to expand technical expertise

EDUCATION

Gandhi Academy of Technology and Engineering, Berhampur, 760001

- Bachelor of Technology – B Tech, Computer Science and Engineering

COMMUNICATION

Excellent communicator with a proven ability to collaborate effectively with cross-functional teams including designers, product managers, and stakeholders. Skilled at translating complex technical concepts into clear, user-friendly language, ensuring alignment between technical execution and business goals. Adept at gathering requirements, providing timely updates, and delivering well-documented, maintainable code that supports team productivity and client satisfaction.

LEADERSHIP

Demonstrated leadership in guiding development teams through complex projects, from planning to deployment. Experienced in mentoring junior developers, conducting code reviews, and fostering a collaborative team environment that encourages growth and innovation. Proven ability to take initiative, make strategic decisions under pressure, and ensure timely delivery of high-quality web applications aligned with business objectives.
